

Calculation of the tax relief amount when employing disable employees

An employer, in whose workplace a 40 hour working week is stipulated, employed 3 disable employees (A, B, C) without a more severely disability (with DP without SDP) and 2 employees, (D and E) with a severely disability (with SDP) during the taxable period of the calendar year 2008, in which the annual working hours fund that makes up full time employment was, in a period of 253 days, 2,024 working hours, with the following usage of the annual working hours fund:

Employee	with DP without SDP			With SDP	
	A*)	B*)	C*)	D**)	E***)
Number of hours according to relevant employee's schedule of working time or individually negotiated working hours and the length of employment; from which is not included into the length of employment due to:	2024	2024	1184	1771	1265
– Maternity or Parenting leave	0	0	0	0	0
– Long-term release for performance of public office	0	0	0	399	0
Non-worked hours due to unexcused absence at work (employment)	0	0	8	0	0
Non-worked hours due to time-off granted by the employer work without compensatory wage and in case when employee could not do his work due to important personal reasons	328	0	0	0	0
Non-worked hours due to health inability for which however no sickness insurance benefits were granted	0	48	0	0	260
Adjusted number of hours	1696	1976	1184	1372	1005

*) Employees A, B and C were employed for a 40 hour working week; employee C began work on 1st June 2008

**) Employee D was employed for a 35 hour working week

***) Employee E was employed for a 25 hour working week

The calculation of the average annual converted number of employees with DP without SDP:

The number of hours for disable employees without SDP according to relevant employee's schedule of working time or individually negotiated working hours and the length of employment reduced by the non-worked hours due to time-off granted by the employer work without compensatory wage and in case when employee could not do his work due to important personal reasons due to health inability for which however no sickness insurance benefits were granted

The average annual converted number of disable employees without SDP = $\frac{4856}{2024} = 2.3992$ rounded off to **2.40 employees**

the total annual working hours fund pertaining to one employee, working on a full time basis, stipulated by special legal regulations

The calculation of the allowance for disable employees without SDP $2.40 \times 18\,000 =$ **CZK 43,200**

The calculation of the average annual converted number of employees with SDP:

The number of hours for disable employees without SDP according to relevant employee's schedule of working time or individually negotiated working hours and the length of employment reduced by the non-worked hours due to time-off granted by the employer work without compensatory wage and in case when employee could not do his work due to important personal reasons due to health inability for which however no sickness insurance benefits were granted

The average annual converted number of physically handicapped employees with SPD = $\frac{2,377}{2,024} = 1.1744$ rounded off to **1.17 employees**

the total annual working hours fund pertaining to one employee, working on a full time basis, stipulated by special legal regulations

The calculation of the relief for employing severely disabled employees $1,17 \times 60\,000 =$ **CZK 70,200**
