The calculation of the average annual converted number of employees with DP without SDP:

The number of hours for disable employees without SDP according to relevant employee's schedule of working time or individually negotiated working hours and the length of employment reduced by the non-worked hours due to time-off granted by the employer work without compensatory wage and in case when employee could not do his work due to important personal reasons due to health inability or quarantine, for which it does not appertain a refund of wage, salary or remuneration or reduced wage or reduced remuneration for period of temporary labour inability or quarantine pursuant to special legal regulation or sick benefit from sick insurance.

the total annual working hours fund pertaining to one employee, working on a full time basis, stipulated by special legal regulations

$$\text{i.e. } \frac{4\,848}{2\,016} = 2.4047 \text{ rounded off to } \boxed{2.40 \text{ employees}}$$

The calculation of the allowance for disable employees without SDP $2.40 \times 18\,000 =$ **CZK 43 200**

The calculation of the average annual converted number of employees with SDP:

The number of hours for disable employees without SDP according to relevant employee's schedule of working time or individually negotiated working hours and the length of employment reduced by the non-worked hours due to time-off granted by the employer work without compensatory wage and in case when employee could not do his work due to important personal reasons due to health inability or quarantine, for which it does not appertain a refund of wage, salary or remuneration or reduced wage or reduced remuneration for period of temporary labour inability or quarantine pursuant to special legal regulation or sick benefit from sick insurance.
